Covered Learning Goals

Learning Goals		3D Designers	AD 900	Bake It!	Being Human	Brainwave	Champions For Change	Drugs Education	Existing... Endangered... Extinct?	ICT & Computing	Look Hear!	Making New Materials	Making Things Go	Mission To Mars	Out Of Africa	The Great, The Bold And The Brave	Weather And Climate
Art																	
K	3.01 Know that the study of art is concerned with visual and tactile expression and communication																
K	3.02 Know how artists, craftspeople and designers from a variety of traditions - including those of their home country and the host country - use materials, forms and techniques to express their emotions, observations and experiences																
S	3.03 Be able to use a wide variety of materials, forms and techniques to express their emotions, observations and experiences																
S	3.04 Be able to communicate through visual and tactile forms																
S	3.05 Be able to improve their own work																
S	3.06 Be able to make judgements about works of art, showing understanding, appreciation, respect and enjoyment as appropriate																
S	3.07 Be able to consider works of art in terms of meaning, design, materials, technique, place and time																
U	3.08 Understand that the work of artists is influenced by their environment and that artists have an effect on the environment																
Brainwave Unit																	
K	3.01 Know about some of the recent evidence and research into the brain and learning																
K	3.02 Know about some of the different areas of the brain and their function																
U	3.03 Understand the different ways that they can learn																
U	3.04 Understand how they can improve their learning and their attitudes to learning																
U	3.05 Understand the importance of cooperation and global awareness in their learning																
Geography																	
K	3.01 Know that the study of geography is concerned with places and environments in the world around them																

Learning Goals

K	Knowledge
S	Skill
U	Understanding

S	3.06 Be able to participate in small-side team games
S	3.07 Be able to use tactics to improve their own performance and that of a team
S	3.12 Be able to use movement as a means of expression and communication
S	3.13 Be able to swim a distance of at least 100 metres
U	3.15 Understand the importance of dressing appropriately for physical activity
Science	
S	3.38 Be able to compare and group rocks and soils according to their properties
K	3.43 Know that heat is often produced as a by-product when one form of energy is converted to another
K	3.63 Know that patterns of stars in the sky stay the same
S	3.64 Be able to identify the major constellations
Society	
K	3.04 Know about the major traditions, celebrations and ways of living in the host country and their home country
